

EDITORIAL BOARD

The end of a period and the beginning of another one is not just a moment of commemoration, it is an event where we bid goodbye to old memories and armed with the lessons learnt set out to face new challenges and greater stakes.

On the 15th of June 2020, our 24th Foundation Day, the school stepped into its 24th year. The year that we left behind was no less interesting, but the year that is to come has a lot more in store. The pandemic forced us to suspend classes but online education has quite rightfully taken its place. Needless to say the challenge this year is to adapt to the new norm. I am sure with our combined efforts we will achieve this too.

So gear up and get ready.
A new journey is waiting!

**-Ankit Mondal, 12A
School Captain Designate**

A JOURNEY OF 24 YEARS

Mrs. Rita Singh

On 20th June, 2020, MCKV celebrated its 24th Foundation Day on an online platform, adhering to the social distancing norms in view of the COVID-19 pandemic. **Having welcomed our Chief Guest Mrs. Rita Singh, the Group Director, Indirapuram Group of Institutions, the day began on an auspicious note by lighting of the ceremonial lamp by our Chairman, Mr. Kishan Kumar Kejriwal, our Headmistress, Mrs. Mallika Mukherjee and our CEO, Mr. Parthosarathi Chakraborty.** Our honourable Chairman in his speech stressed on the importance of discipline in order to explore the heights beyond “the utmost bound of human thought”. The day's programme was further enriched by a mesmerizing dance performance through a video presentation.

The celebration of the Foundation Day at M.C.K.V. not only glorifies the achievements of the students but also unfolds their inner growth. **The students from Classes I to XI were appreciated for their brilliant academic performance as well as for excelling in a wide spectrum of co-curricular activities in the previous session.** The spirit of the moment was instilled by a marvellous musical presentation entitled 'Believer' by the M.C.K.V. choir group. This was followed by a mellifluous instrumental rendition that kept everyone awestruck. It was a nostalgic moment for the teachers whose names were proclaimed to honour them on the completion of their 10 and 15 years of assiduous service in this reputed institution. It was also a great moment for quite a few others when their names were announced for their perfect attendance in the previous academic session. Inter-House achievements in 2019-2020 were also recognized after the pronouncement of the name of the employee who was honoured with the coveted **'Best Employee Award'.**

When the entire global community is facing an unprecedented challenge, the idea of the entire world being a family was promoted through the launch of the video 'We are the World'. The programme proceeded with the felicitation of the Chief Guest by our respected Chairman. This was followed by a motivating speech by our Chief Guest and finally, a vote of thanks was proposed by Mrs. Sanghamitra Pal, the Senior School- In-charge. To sum up, the entire celebration can be best described as a cornucopia of excitement to be treasured throughout our lifetime.

An online assembly was also conducted to celebrate our 24th Foundation Day on 15th June. The assembly was conducted by Chandra Bhusan Ray of 12 C. Prayog Bhotra (XII D) led the school in the prayer. This was followed by our Chairman's address on this special occasion. This was followed by the shlokas, narrated by Aviriddha Pathak of VIII C. Our school captain designate, Ankit Mondal, shared his thoughts on the school, the journey that it has traversed and the miles left to tread. This was followed by a soul touching audio visual presentation where we revisited all the beautiful memories that we have created together.

An online assembly was also conducted to celebrate our 24th Foundation Day on 15th June. The assembly was conducted by Chandra Bhusan Ray of 12 C. Prayog Bhotra (XII D) led the school in the prayer. PANEL DISCUSSION- NEVER GIVE UP

M. C. KEJRIWAL VIDYAPEETH PRESENTS

NEVER GIVE UP

A PANEL DISCUSSION TO HELP STUDENTS TO DEAL WITH ANXIETY, DEPRESSION AND FAILURES.

The panel discussion was held on Saturday, 27th June, 2020 on Zoom Webinar.

In today's world, the importance of talking about mental health cannot be overstressed. Strong mental health is no longer just about being free from depression, anxiety, stress or other psychological issues rather it refers to the presence of positive characteristics– the ability to bounce back from adversity, illness or injury, the flexibility to adapt to change, to maintain balance between work and play, rest and activity and also the ability to build the fulfilling relationships. Keeping this pertinent issues in mind, M.C.Kejriwal Vidyapeeth hosted a panel discussion on mental well being and development, titled “Never Give Up!” with a view to help young adults deal with anxiety, depression and failures.

The session was introduced and hosted by Mr. Biswajit Majumdar, Head of the English Department. Mr. Kishan Kumar Kejriwal, Chairman of MCKV Group of Institutions extended a warm welcome to the panelists and the audience alike before handing over the proceedings to the moderator for the event, Mr. Shankar Ramalingam, an active Rotarian, eminent debater and quizzer. He introduced the various speakers in the panel, highlighting their involvement in diverse areas of child education and wellness.

Ms. Hilda Peacock, Director of Gems Akademia International School, opened the discussion, highlighting the predicament of "latchkey" children, the corollary of

rapid and thoughtless urbanisation. She hailed teachers as “barefoot counsellors” whom a child comes to trust over many hours of work and play together and how their listening, understanding, and empathy can play a key role in resolving student issues.

Ms. Bratati Bhattacharya, Secretary General and CEO, Shikshayatan Foundation and Shri Shikshayatan School, talked about cultivating wellness habits that could promote our brain to change and rewire itself through a lifelong process termed Neuroplasticity. With the awareness, knowledge, and practice of self-directed neuroplasticity, students can learn to thrive both individually and collectively in a shifting landscape of unpredictability and uncertainty.

Dr. Sarmistha Chakrabarti, an eminent consultant psychiatrist, discussed the integration of mood training in child development programmes to combat mental illness, the “shadow pandemic” brewing in all corners of the globe.

Ms. Salony Priya, founder of Ummeed Counselling and Consulting services, illustrated her “3B” model of Balance, Belief and Belong, encouraging attendees to practise physical distancing instead of social distancing.

Mr. Bitan Biswas, Principal of Madhusthali Vidyapeeth, Jharkhand, called for the need to use stress as a way to push one into a higher level of productivity and thinking. We are absolutely capable of facing our fears and outsmarting stress by using its energy to propel us forward. The parting shot in his address, 'Perfection is the enemy of progress' resonated among many in the audience.

Mr. Ramalingam opened the floor then to questions and comments from audience members. Several students clarified their misconceptions surrounding mental illness. Topics such as the grading system in examinations and positive effects of practising mindfulness and yoga were discussed. Senior School in-Charge of MCKV, Ms. Sanghamitra Pal concluded the session by proposing the vote of thanks, acknowledging the contributions of the panellists, audience members and all involved in making the event a grand success.

INTERNATIONAL YOGA DAY CELEBRATION

Yoga Day, Pre-Nursery

6th International Yoga Day was celebrated virtually at MCKV on 21st June. Our teachers of the Pre-Primary wing performed yoga and taught the children simple yoga poses that can keep them fit and healthy. Many parents joined and celebrated the day by performing yoga postures along with their children.

Yoga session for the Primary and Middle school levels was also organised where students were motivated to perform yoga and they also learnt about its benefits. Our teachers conducted the yoga sessions for the students. Various asanas were shared and their

importance was also explained. The students were encouraged to practice yoga regularly to remain fit and improve concentration.

Our NCC boys also took part in the " My Life Yoga Contest" organised by 21 Bengal Battalion NCC. The students shared their videos on performing various asanas.

Yoga Activity (KG)

SPEAK TO LEAD

'Deliberation and debate is the way we stir the soul of our democracy.'

Today, when the entire world is fighting the pandemic of Coronavirus disease, what has been the role of social media in our lives? Do social media provide solace or grounds for misinformation? Keeping these questions in mind, the English Department of M.C. Kejriwal Vidyapeeth hosted a one-of-its-kind online Exhibition Debate to collaborate and create cogent discourses on the motion 'Social media should be banned during a pandemic.' This unique event took place on Saturday, 6th of June 2020 at 11:00 a.m. on Zoom webinar with the wholehearted encouragement and support from Mr Kishan Kumar Kejriwal, our honourable Chairman and Mrs Mallika Mukherjee, the Headmistress. The debate was chaired and moderated by Mr. Biswajit

Majumdar, the Head of the English Department, who briefed the rules of debate after introducing the proposition and opposition speakers to the audience. The speakers for the event were the teachers of the English Department and the senior school students of MCKV. Each speaker was allotted a total time of 3 minutes and a rebuttal round followed every segment.

Both the teams were very well-prepared. Aditya Pandey of Class 12A from the team for the motion opened the debate and impressively convinced the audience with his views. Armed with statistics, data and definitions, Chandra Bhushan Ray of Class 12C from the team against the motion vied to present his opinion before the viewers. Using skills like rhetoric, irony and overstatement, Ms. Ishani Sengupta Ma'am and Ms Kathika Dasgupta Ma'am made their views for the motion more emphatic with right facial expression and voice modulation. Ms. Sanghamitra Pal Ma'am from the opposition team exhibited great oratorical skills and displayed confidence in presenting her arguments before the audience.

At the end of the heated but entertaining debate which lasted over one hour, a brief interactive session was conducted with the viewers who freely expressed their opinions and voted majorly for the team against the motion. The invigorating words of appreciation from the Chairman rejuvenated not only the debaters but also the wonderful audience who enjoyed the programme thoroughly. The Exhibition Debate was indeed an enthralling experience for the speakers as well as for the viewers.

RATHYATRA CELEBRATION

The celebration of the annual ceremonial chariot procession or RathYatra was celebrated virtually at MCKV on 23rd June. The assembly for the day was virtually conducted by the students. Naman Jain of Class 8-C delivered a speech on the significance of celebrating RathYatra, vividly describing the chariots of the three deities, Lord Jagannath, Lord Balabhadra and Subhadhra. Students also learnt how the celebration for the day unfolds and how the deities are worshipped on that day. His speech was followed by a PowerPoint presentation which comprised photographs of few students of Class 4 who shared their own ways of celebrating the festival.

Our Junior School children were also captivated by the glorifying history of RathYatra, as narrated by their teachers. They learnt about the cultural diversity and rich history of our country. The very essence of the celebration was captured by the audio-visual presentation of the procession which attracts thousands of tourists to Puri to watch it live. The significance of an event like RathYatra was also conveyed to the children. The unified approach of all the teachers to organize the programme is truly commendable as it was successful in promoting harmony and unity, among the students.

Rath Yatra celebration (KG)

NURSERY : RATH YATRA CELEBRATION

Rath - yatra celebration (KG)

BOND WITH THE BEST

One of the most cherished experience that life can offer us is engaging in a live conversation with famous personalities we admire. On 7th June, 2020, MCKV gave the students of classes 6, 7 and 8 an opportunity to join in a tete-a-tete with Ruskin Bond, one of the most beloved and popular writer of children's fiction through a Webinar and Facebook live. Many of our students participated in the event, and it was a rewarding experience for them to hear Mr. Bond sharing anecdotes on life, discussing his views on young writers, recommending tips on how to write better stories and even deliberating on the positivity of lockdown. The one hour session was a one of a kind of experience that they will not forget any time soon.

A WORD WITH THE WORLD

On 6th of June 2020, Human Learning Systems, India organised a live Ed-talk show titled – “A Word with the World”- a platform where school captains from schools across the country got an opportunity to voice their opinions regarding issues that affect their education and the society in general.

The participants of the Ed talk show were Ananya Singh, Academic captain, of W.H. Smith Memorial School, Varanasi, Ankit Mondal, School Captain Designate of M.C. Kejriwal Vidyapeeth, Liluah, and Tannishtha Roy, School

captain of The Jain International School, Kanpur. The host for the show was Amitabh Mohan, an educationist and a leading psychologist of our country. The topic for the session was 'The New Normal'. The captains as leaders of the next generation, expressed their opinion on what is going to be the new normal in the post pandemic world and how it will affect the society in general. The show was aired live on the official YouTube channel and the Facebook page of “The School Times”.

It was an interactive session and the views of the students were appreciated by the host as well as the audience. The participants learnt a lot from their experience and expressed their gratitude for being given a platform where they could voice their opinion and were made to feel that the student fraternity is an important pillar of society and has lot of responsibility to shoulder in making this world a better place to live in.

INTERACT CLUB'S NOBLE GESTURES

On 3rd June 2020, the members of MCKV Interact Club had took the initiative of distributing masks, gloves and bottles of sanitizer gel to the economically distressed people to battle against the fast-spreading novel coronavirus, the invisible but pernicious enemy. The event was organized in front of the school campus, in the presence of the students and the staff members including the Chairman and the Headmistress of the school. In this nationwide lockdown and economic turmoil when the entire country is in a woeful situation, these underprivileged people are facing

difficulty in safeguarding their and their family's lives as well as livelihoods. Understanding the present ordeal, the members of MCKV Interact Club deemed it as their duty towards the nation to walk a small step to fight the pandemic. In the midst of this challenging reality, the Interactors have not lost their hopes and they continue to keep the motto ignited in their minds: “Together we can and we will”.

On 9th June 2020, the Interact Club along with the Social Service group organized an awareness programme on Covid-19 for the ancillary staff of M.C.Kejriwal Vidyapeeth and MCKV Institute of Engineering. A special video on the precautions to be taken to combat the global pandemic was made by an Interactor, Swayam Seksaria which was shown to the ancillary staff. The programme was conducted by the school mentor, Ms. Apala Chatterjee and assisted by Mr. Chandan Manna, a member of the Social Service group. We hope that this awareness programme would achieve its purpose and guide them to lead a safe and healthy life.

FATHER'S DAY CELEBRATION

FRUIT SALAD ACTIVITY

Father's Day Activity

Father's Day Celebration (KG)

Father's Day is celebrated worldwide to recognize the contribution that fathers make to the lives of their children. The students of Pre-primary section of M.C.K.V. celebrated Father's Day with a lot of enthusiasm on 19th June, 2020. Teachers of the Nursery and KG sections organized craft activities where both the children and their fathers enthusiastically participated. Children of Pre-Nursery classes were helped by their real-life super heroes, their fathers, in non-fire cooking.

It was a fun-filled day and all the fathers appreciated the efforts of the school authorities for this unique idea of involving them in the celebration. They were of the view that these events help them to know their children better and also to nurture their relationship with their children.

It was indeed a memorable event which they are going to cherish for their lifetime.

PIC-COLLAGES

ICE PAINTING ACTIVITY

In this time of summer season, water plays an important part in keeping us cool and away from the summer heat. To know more about water, the theme for nursery for this week was 'Water'. The children had learnt about uses, importance and sources of water. They also learnt about sinking and floating through interesting activities. To conclude with the 'Water' theme, teachers along with the children and parents participated in the 'Ice painting' activity. The 'Ice painting' activity was done by the children with a little help and a lot of co-operation from their parents, under the guidance of our teachers. The children thoroughly enjoyed the 'Ice painting' activity and were happy and excited to showcase their creativity.

MISSION GREEN

World Environment Day is celebrated on 5th June every year, and is the United Nations' principal vehicle for encouraging awareness and action for the protection of the environment. This

is especially the day to focus on the present day environment conditions and the best way to do it is by involving young learners and educators in the process of preserving the world through our actions. An endeavour was undertaken by our little MCKVians of Pre-Primary and Primary levels on this special day to portray Earth through their beautiful drawings. Their creative displays on art papers depicted a number of global crisis that Mother Earth is currently facing and how we all can do our bit to save the world.

The Social Service group in collaboration with the members of Interact Club of MCKV organised a plethora of events on

this occasion. This included videos on the importance of World Environment Day that were shown to the students of various levels. A PowerPoint presentation prepared by the senior members of Interact Club was shown to the students of Senior school. Other events included Poster Making and Best Out of Waste competition for the students of Classes 7 and 8 respectively. The two best posters were made by Ajitesh Ghorai of 7D and Srijan Mondal of 7B. The two superior creativity in the Best out of Waste category were the ones made by Aviriddha Pathak of 8C and Sarthak Bhattacharya of 8B.

While the students and teachers put in their earnest efforts to spread awareness on World Environment Day, the administrative department of MCKV was also proactive in enlightening the students, staff and their families on the need of preserving our Mother Nature and her natural resources. The loss of thousands of big trees in West Bengal due to the

devastation brought upon by the super cyclone, Amphan, has already disturbed the local ecosystem. As the World Environment Day has grown to become a global platform for public outreach, the school team took this opportunity to plant more than 25 saplings inside the campus premises

on this special occasion. The students in MCKV are constantly taught to imbibe the spirit of preservation and protection of the environment and the planet we all call our home -Earth.

Our deepest condolences to Mr. Sona Mitra and Ms. Sawon Mukherjee on the demise of their fathers.
