Assistant Student Editor

As we embark on this journey, let us reflect on the wonderful experiences September gifted us and rejoice in the celebrations that lie ahead.

Shubho Sharadiya!

September, a month of profound significance, carries both timeless traditions and unique moments that captivate us as a school community.

This month, we celebrated Teachers' Day with the same passion as every year, crafting a treasury of memories cherished by both students and teachers alike. Moreover, September also witnessed the joyous celebration of *Krishna Janmashtami* by our pre-primary students, where they embraced the eternal wisdom of Lord Krishna and honoured our rich traditions. In addition to these festivities, September hosted the first round of comprehensive assessments, offering a valuable measure of progress for students across all classes. Alongside, the Birdwatchers' Society organised a thrilling bird-watching expedition, connecting our students with the beauty of nature and fostering a sense of responsibility for its preservation.

As September gracefully transitions into October, we find ourselves on the brink of welcoming Goddess Durga to her ancestral abode.

May the spirit of this festivity enfold us, ushering happiness, health, and peace into our lives.

Summary of school events

MCKV celebrates Teachers' Day 2023

On 5 September 2023, MCKVians celebrated Teachers' Day with a variety of activities. The day began with students warmly welcoming their teachers with roses as an expression of their deep gratitude. A special assembly was organised, showcasing the creative talents of our students through original poems and a unique instrumental performance. The role-reversal was truly the best part, where our students shouldered various responsibilities that their teachers take up daily. The day reached its culmination with a cake-cutting ceremony, where cherished memories were forged. This celebration served as a heartfelt tribute to our teachers, acknowledging their incredible dedication and work. It was truly worth every effort to see our teachers enjoy and celebrate themselves.

Ganesh Chaturthi Celebration in MCKV

MCKVians celebrated *Ganesh Chaturthi* along with the entire country on 19 September 2023. While the students of Class 3 created beautiful craftwork depicting Lord Ganesha using colourful lentils, Class 4 students paid homage in their own special way by sharing Lord Ganesha's favourite sweets with their friends. Some of our children made miniature replicas of the Elephant God using play dough. Our young artists of Class 5 sketched captivating images of the Lord in His many avatars. This unique day was marked by devotion and piety as students paid homage to Lord Ganesha, the God of prosperity, in their creative and heartfelt ways.

Our little stars of Pre-Primary Wing celebrated *Krishna Janmashtami*, on 7 September 2023, with great fervour. They performed a captivating drama, illustrating Lord Krishna's birth and the victory of good over evil. Adorned in colourful attire, the children exuded the festive spirit. Through songs and dances, the celebration embraced cultural richness, staying true to the school's vision.

MCKV organizes a Bird Walk for the students

M. C. Kejriwal Vidyapeeth, in collaboration with The Birdwatchers' Society, organised "Walk by Sound," a captivating bird-watching trip at the Botanical Garden on 23 and 24 September 2023. The main objective of this unique activity was to introduce our boys to the world of birds, enhance their observation power along with developing patience, and simultaneously calling attention to the need of bird conservation. Mr. Bharatendra Singh Parihar, a member of the Birdwatchers' Society, familiarised students with various ways of identifying birds based on their shape, size, colour patterns, beaks, wings, tails, behaviour, and habitats. Accompanied by experienced bird guides and equipped with binoculars and telescopes, students had the opportunity to spot and identify various species of birds like yellow-footed green pigeons, purple sunbirds, jungle babblers, lineated barbets, and many more. Besides nurturing admiration for nature and its beautiful creations, this short field trip developed a sense of social

responsibility for creating an environment for birds to live under the care of nature.

Journey to Wellness: This month's session

Help Your Child to Take the Right Decision Regarding Career: An interactive session with the parents of Class 10

For detailed reports and photographs, please visit our website, www.mckv.edu.in

Cleanliness Drive: Class 11
Interactors take the lead in hygiene campaign by sprinkling bleaching powder along G.T. Road and Agrasain Street

Interact Club Projects

Bringing Joy: Interactors of Class 9 distribute stationery to underprivileged youth at Lal Baba Ashram

In a splendid display of talent, our student, Akshit Shaw of Class 8C, participated in the 4x100-meter Medley Relay at the CISCE National Swimming Competition on 23 September 2023. His outstanding performance secured our school the third position, with Akshit receiving a well-deserved medal and certificate. We proudly extend our heartfelt congratulations to him, marking this achievement as a moment of pride for MCKV.

MCKV students shine at I Lead College's tourism quiz competition

On the occasion of World Tourism Day, our students of Classes 8 and 9 showcased their knowledge and enthusiasm by participating in a quiz competition on tourism. The competition, held on 27 September 2023, was organised by I Lead College, Kolkata. Our team, consisting of Harshil Agarwal of 9B, Anik Dutta of 8C, and Mrinal Ranjan of 9A, demonstrated exceptional competence and clinched the first position. Their remarkable performance earned them trophies, books, and certificates as tokens of recognition for their outstanding achievement. Congratulations to these students on their impressive victory!

Avishkar Beyond Atoms Inter-School Science Fest

On 29 September 2023, two of our enthusiastic students of Classes 4 and 5 participated in the Avishkar Beyond Atoms Inter-school Science Fest organised by B. D. Memorial School, Kolkata. Aarjav Jain of 4A and Debadrita Das of 5B showcased their exceptional talents, and their model stood out as the most practical among the entries. Their dedication and innovation shone brightly, marking a proud moment for our school at this prestigious science fest. Congratulations to Aarjav and Debadrita for their outstanding achievement!

What Am I? (part 3)

Solve the following riddles using the hints provided:

1. Which word has five letters but sounds like it only has one?
2. What do you answer even though it never asks you questions?

The solution will be published in the next edition.

The solution to the previous riddle, What Am I? (part 2)

1. CANDLE
2. SPONGE
3. PROMISE
