Invitation Letter

Dear Sir/Madam,

Greetings!

Creative expression is as natural and necessary for young minds as fresh air and sunshine. Whether it is the pandemic or not, we are committed to forging opportunities for our students to push the creative envelope. In a world that presently feels mired in chaos and crisis, M.C. Kejriwal Vidyapeeth (MCKV) is resolved to engage the minds of young learners in joyful exploration.

We hope you feel the same way, and together we can help spark the interest and fancy of our students, encourage them to consider a passion, a possibility, or inspire them to risk stepping outside their comfort zone for the sake of experimenting with something new and fun.

We feel proud and blessed in equal measure to announce that this year MCKV is celebrating the completion of 25 years of meritorious service to the cause of education. And to commemorate the reaching of this milestone, we have thrown open our doors, albeit online, for a yearlong festival of colourful competitions, performances, talks and exhibitions.

“**Melange 2021**”, an international cultural and literary fest, is a grand part of these festivities. The online platform has given us an opportunity to extend our reach and invite participation from across the globe. And honestly, we couldn't have asked for more!

We are hosting this event just as much to hone the intrinsic and inherent talents of students as to bolster student morale and steer them towards positivity. Therefore, it is with great pleasure that we invite your multi-talented students to be a part of this virtual contest.

All those who participate will receive E-Certificates of Appreciation and Participation and certainly great insights from stalwarts!

We eagerly look forward to your participation in- **Melange 2021**.

Thanks & regards,

For M.C.Kejriwal Vidyapeeth
